## MUSKOGEE, OKLA., HAS PAY BACK DAY

[By Associated Press] Muskogee, Okla., July 8.—Muskogee folk arose early today, each wondering what he or she would get, for today was formally set aside by Mayor James L. Garrett as "Take Back What You've Borrowed Day." All who have borrowed even a cup of flour have been urged to return it today.

## IMPROVE LIGHT PLANT.

Yorktown, Tex., July 8.—Extensive improvements to the light and ice plants are being made by the Southern Utility, which recently became interested in property at this place.

## BAPTIST PRAYER MEETING.

The subject for study and discussion at the prayer service at the First Baptist Church tonight will be "Faith." After the prayer service there will be a meeting of the officers and teachers of the Sunday school. The service is open to all and all will be welcomed. M. E. WEAVER, Pastor.

## THE TENNIS TOURNAMENT.

Some Splendid Playing Being Done and Much Interest Manifested.

The second and third matches of the tennis tournament were played on the Hanneman court yesterday afternoon. Hamilton and Cole played Carson and Blackmon of College in the second match, which resulted in a tie. Each team won ten games out of the twenty played. In the third match Hamilton and Cole were pitted against Crawford and Graham and were defeated by a score of 13-7 in the twenty games played. Hamilton and Cole have played in all matches of the tournament so far and have played good tennis, they winning twenty-six games in the sixty games played. The fourth and fifth matches will be played this afternoon between Sullivan and Ogier of College vs. Bullock and Bullock in the fourth match, and against Crawford and Graham in the fifth match.

## ENJOYED DAY FISHING.

A fishing party composed of George Nedbalek, C. M. Bell, W. S. Higgs, Roy Hudspeh, J. Sidney Smith, Robert Seale, J. B. Priddy and son Ross, put aside the cares of office and business yesterday and enjoyed a day's fishing on the Navasota river. They report a fine time and lots of luck. One hundred and forty-seven fish of various sizes were caught by the party, who say they never saw fish bite better.

## NOTICE, ICE CONSUMERS.

Parties having ice books will please tear out own coupons in order that no careless employes will abuse this privilege. Observance of this request will greatly aid us in rendering you the good service we so much desire.

Very truly,  
BRYAN ICE CO.

## WOOD CONTRACT.

Agricultural and Mechanical College of Texas.

July 8, 1914.  
Sealed bids will be received at the office of the president up to 4 p. m. July 16, 1914, for one hundred and fifty (150) cords of good merchantable wood in four-foot lengths to be delivered at the Mesa Hall not later than September 15, 1914. The envelope containing bid must be marked "bid on wood." Each bid must be accompanied by a certified check for one-sixth of the amount of the bid. A bond of sufficient amount will be required of the successful bidder to insure observance of contract. Copy of the contract may be seen at the president's office. The right is reserved to reject any and all bids.

CHARLES PURYEAR,  
President Pro Tempore.

## BRAZOS COUNTY DAY AT SHORT COURSE

Wednesday, July 22, Featured for Brazos County Farmers.

An effort will be made to make the fifth annual farmers' short course at the Agricultural and Mechanical College of Texas the largest in the history of the organization.

The meeting will be held this year July 20-25, which is preceded by the Farmers' Institute and followed by the Farmers' Congress on July 27-29. The short course will open on Monday, June 20, and for five days will be open to the people of Texas, many being present from practically every section of the State.

Working in conjunction with Dean Kyle of the agricultural department, the Bryan Commercial Club has announced Brazos County Day for this meeting and set the date for Wednesday, July 22. On this date an unusual program has been arranged for the farmers and their families who attend this meeting. Free lectures will be given on soil fertility, poultry, silo construction, hog cholera and demonstrations in traction and gasoline engines, land terracing, etc., by experts in their lines, among them being Prof. J. E. Rice, professor of poultry husbandry of Cornell University. Mr. Rice will be on hand for Brazos County Day and will give the people a treat.

For the special benefit of the women and girls lectures will be given on preparation and cooking of vegetables, making of bread, serving of a balanced meal and demonstrations in canning fruits and vegetables, which will be free and without cost to Brazos County people.

Besides these lectures and demonstrations a free barbecue with plenty of ice water will be served on the ground and the day will be made pleasant as well as profitable for those who attend.

For the accommodation of all the farmers of the county who wish to attend arrangements have been made for ample car service over the Bryan & College Interurban Railway, as it will be convenient for many to come to Bryan and attend in this manner.

On the program for Brazos County Day will be found Dr. J. O. Morgan, soil fertility, of the A. & M. College.

Prof. J. E. Rice, poultry, of New York.

Mrs. Laura E. Neale of the College of Industrial Arts, Denton.

Miss Emma A. Chandler of Oklahoma and Miss Bernice Carter, in charge of girls' canning work of Texas. Prof. J. W. Ridgway, Dr. Mark Francis of the A. & M. College, and others.

Those in charge of the short course work at College are anxious for Brazos County farmers to attend and this day has been set aside as Brazos County Day, when it is hoped that every farmer in the county will be present if possible and bring his family.

## GOOD ROADS COMMITTEE MEETING

Petitions Circulated to Citizens in Bryan and in County for Expression.

As a result of the good roads committee meetings of the Bryan Commercial Club petitions are being circulated among the citizens in Bryan and throughout the county this week to secure an expression in regard to the roads. If it is found that it is the desire of the majority to improve the roads of the county, this committee will take up the work and do what they can to bring about the results.

So far very little has been accomplished except that it is the prevailing opinion among the committee, which is composed of citizens from each neighborhood in the county, that very little can be accomplished without a bond issue. A special tax has been discussed, but this idea has proved unpopular wherever adopted throughout the State. The United States government at Washington has written the club that they will send a man to Brazos County to make surveys and recommendations without cost if desired, which may be adopted by the committee if the people over the county express a desire for improvement in this line.

The next meeting will be held Saturday, July 11, at 2 o'clock, at the Bryan Commercial Club room, and anyone in the county who is interested will be welcome to attend and take part in the work.

O. S. Johnson of the firm of Johnson & Rohde left today for a tour of Madison and Leon Counties on business. He will demonstrate the Studebaker automobile and is making the trip in a 1914 model Studebaker car.

## CONFESSED TO MURDER OF GIRL

[By Associated Press] Chicago, Ill., July 8.—B. C. F. Smith, a salesman, confessed that he murdered four-year-old Hazel Weinstein here last night. He choked her to death.

## METHODIST PRAYER MEETING.

The midweek prayer service of the Methodist Church will be held at 8:15 o'clock tonight. The study in the Sunday school lesson will be continued. Let there be a full attendance. GLENN FLINN, Pastor.

## TEXAS BAPTISTS' CAMP.

Palacios, Tex., July 8.—Visitors and delegates from all parts of Texas are attending the annual State encampment of the Baptist Young People's Union, which commenced here this morning and will continue until July 22, inclusive. Each of the fifteen days of the convention has been divided by the program committee into regular periods, with the business sessions ending at noon, permitting the entire afternoon to be used for recreation, rest and private conferences.

## A. &amp; M. COLLEGE BENEFITS BY RECENT ACT OF CONGRESS

[By Associated Press] Austin, Tex., July 8.—At the request of President Puryear of the A. & M. College, Governor Colquitt has issued a proclamation permitting that institution to participate in the benefits of an act recently passed by Congress and approved by President Wilson on May 8. Under this act the Department of Agriculture at Washington will co-operate with agricultural colleges throughout the country in teaching farm subjects. The board of directors has been instructed to establish these courses in the Texas institution when the fall term opens.

## BOARD OF OKLAHOMA A. &amp; M. MAY ELECT PRESIDENT

[By Associated Press] Oklahoma City, Okla., July 8.—Members of the State Board of Agriculture called to meet here today by President G. T. Bryan would, it was said, elect a president of the Agricultural and Mechanical College. Mr. Bryan stated that conferences had been held with A. C. True, chief of the agricultural experiment work of the Department of Agriculture, and that the department would send an agent during July to check up the work of the college in experimental agriculture.

## ERECTING GIN.

Chandler, Tex., July 8.—A completely equipped gin is being built here by Dabney White. It will be finished and ready to run within two weeks.

## PLAN NEW CHURCH.

Goldthwaite, Tex., July 8.—Members of the Progressive Christian Church have approved plans for the erection of a new church building at an early date. Brick or concrete will be the material used in construction.

## FIRST OF CROP SOLD.

Plainview, Tex., July 8.—The first load of this year's wheat was marketed here today by Marshall H. Phelps, a farmer living east of Plainview. The grain tested 59½ pounds, bringing 77 cents.

## WILL COMPLETE HALL.

Waxahachie, Tex., July 8.—A campaign has been inaugurated by the Chamber of Commerce to raise \$25,000 for the purpose of completing Drane Hall, the girls' dormitory at Trinity University.

## MAKES RAPID HEADWAY.

Add This Fact to Your Store of Knowledge.

Kidney disease often advances so rapidly that many a person is firmly in its grasp before aware of its progress. Prompt attention should be given the slightest symptoms of kidney disorder. If there is a dull pain in the back, headaches, dizzy spells or a tired, worn-out feeling, or if the kidney secretions are offensive, irregular and attended with pain, procure a good kidney remedy at once.

Thousands recommend Doan's Kidney Pills. Read the statement below: J. F. Clapp, carpenter, Hearne, Tex., says: "I have worked hard nearly all my life and think this had a great deal to do with bringing on my kidney complaint. My kidneys didn't work right and as the result of the uric acid in my system I began to suffer from rheumatic twinges. My back was weak and lame and I suffered a great deal. Although I took medicines and consulted doctors, I got no relief. Finally I heard of Doan's Kidney Pills and I procured a box. They were of the greatest benefit."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Clapp had. Foster-Milburn Co., Props., Buffalo, N. Y.

## RAILROAD NOTES.

The Grand Trunk has added a new fast train between Chicago, Montreal and Toronto.

The tax valuation of the Pennsylvania Railroad properties in Cuyahoga County, Ohio, has been increased from \$9,000,000 to \$14,000,000.

Stockholders of the Mississippi & St. Louis have approved plans for a merger of the two lines.

American Museum of Safety one thousand railroads in this country the conditions for the completion of the Anthony N. Brady memorial medals. These medals are to be awarded to the electric railway company which for the year has done the most to conserve the safety and health of its employees and the public.

The railroad committee in the Massachusetts Legislature is divided on the bill to secure the divorce of the Boston & Maine. The Federal authorities do not oppose the decision which provides that the State retain its claim on the stock.

The last of the costs in the Missouri rate litigation with the railroads which was begun in 1905 has been paid, the Burlington being taxed with more than \$20,000 of the total, which exceeded \$28,000, twelve roads having been involved in the fight.

The drastic economy which the railroads of the Eastern part of the country are exercising is well illustrated by the Baltimore & Ohio. For the last two months the purchases of materials by this road have been limited to the bare necessities. It is understood that the company's purchasing agents have been forbidden to order any supplies over \$5 in amount unless such purchase is first approved by the president or one of the vice presidents.

The Maryland Steel Company, a subsidiary of the Pennsylvania Steel Company, has received an order for 16,000 tons of steel rails from the Queensland Government Railway of Australia. This is a new business, and it is understood that the order was taken on favorable terms.

In the West there is a strong impression that the Chicago Great Western, the Chicago & Eastern Illinois, the Pere Marquette and the Detroit, Toledo & Ironton are on the verge of changes in their operation and management which will work changes in their present close relations with their connections.
